STATEMENT

Interaction and Motion Designer specializing in creating engaging digital experiences through the intersection of UI/UX, 3D design, and motion graphics. Proficient in Blender for animation, with strong foundations in user-centered design principles and Adobe Creative Suite. Experienced in translating complex ideas into intuitive interfaces and compelling visual narratives across agency, university, and organizational environments. Passionate about pushing creative boundaries while maintaining focus on usability and user experience.

EXPERIENCE

January 2026 - Present	University of Louisville School of Medicine Design Assistant - Craft motion reels and animated content that bring medical communications to life through storytelling and visual design. - Design cohesive print and digital media campaigns that bridge complex medical concepts with accessible visual narratives. - Collaborate with cross-functional teams of designers, medical professionals, and marketing strategists to develop impactful campaigns for diverse audiences.
August 2023 - Present	University of Louisville Digital Media Suite Specialist - Lead technical support and training for digital media platforms, improving user adoption rates and reducing support tickets by implementing streamlined troubleshooting protocols - Create multimedia content using industry-standard software, contributing to university's digital presence and marketing initiatives
January 2025 - December 2025	The Birds Nest Marketing Agency Client Lead & Content Designer - Oversaw and coordinated a cross-functional design/marketing team, ensuring timely delivery of client projects. - Design UI/UX components and animated assets that drive engagement and enhance user experience across digital touchpoints. - Execute projects from concept through delivery, maintaining brand consistency while pushing creative boundaries.
May 2025 - September 2025	Graphic Design Intern Delta Upsilon International Fraternity - Collaborated with marketing team to develop and implement social media content strategies across multiple platforms. - Created engaging visual content to promote fraternity programs, events, and initiatives to diverse audiences. - Supported behind-the-scenes operations and logistics coordination for annual Leadership Institute conference.
